

Year 2 Summer Term Learning Challenge 2021

<p style="text-align: center;">Successful Learners</p> <p style="text-align: center;">Areas of Learning</p> <p>As geographers we will learn to locate and name the world's five oceans. We will use basic geographical vocabulary to refer to the key physical features including: beach, cliff, coast, the sea and oceans.</p> <p>As historians.</p> <p>As scientists we will identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic and glass for particular uses. We will find out how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting and stretching.</p> <p>As mathematicians we will be learning to multiply and divide numbers. We will begin learning about fractions- recognising halves and quarters. We will find half of shapes and numbers.</p> <p>As readers we will be focusing on developing the speed of our reading and recognising alternative sounds. We will consider characters feelings and how these can change throughout a story.</p>	<h3 style="color: blue; text-decoration: underline;">How can we help save the sea?</h3> <div style="display: flex; justify-content: space-around; align-items: center;">   </div> <div style="display: flex; justify-content: space-around; align-items: center; margin-top: 20px;">   </div>	<p style="text-align: center;">Successful Learners</p> <p>As writers we will be considering how to extend our sentences using conjunctions. We will be exploring more suffixes and learning how they can change the meaning of a word.</p> <p>As artists we will be using collage to make sea animals.</p> <p>As design technologists we will explore and use mechanisms in their products.</p> <p>As information technologists we will be learning about spreadsheets. We will learn how to use a spreadsheet and how formulas can be made to help with calculations in a spreadsheet.</p> <p>As musicians we will be singing together. We will listen to the sounds of the sea and consider how these sounds might inspire a piece of music.</p> <p>In Religious Education we will be considering why the church is a special place for Christians. We will learn about and explore other places of worship and consider what makes them special too.</p>
<p>Christian Values</p> <p>Thankfulness, Honesty, Love, Hope, Forgiveness, Compassion, Friendship, Justice.</p> <p>We will be exploring the value Justice. We will learn what justice means and how we can use this value in our lives. We will explore fairness and what being truly fair means. We will learn about fairness from different stories and from the Bible.</p>		
<p>Building Learning Powers-Resilience</p> <p>We will be continuing to develop our resilience and reflectiveness this half term. We will continue to persevere when our learning is challenging. We will work on improving our empathy and listening skills to make sure that we are always ready to learn in the classroom. Managing our distractions is important in year 2 and we continue improving our ability to concentrate for longer and focusing on our learning.</p>		

READING- It is very important that your child is reading at home! The children have the opportunity to change their reading book and their library book every day and it would be great if they were being encouraged and supported to read at home every night.

HOMEWORK- The children will be receiving homework each week. It will now be set on google classroom just as the home learning was during our school closure. If you have any problems using this then please let me know and we can sort a paper copy for your child each week.

I try to be present on the Year 2 gate every morning and evening so please feel free to speak to me about any issues or any concerns regarding your child's learning. It is great to see your children back in school and enjoying their learning. I am looking forward to seeing them all progress during the rest of this year.
