

Learning Challenges

Engage

When we go to Forest School we will look for signs of spring. We will explore the environment and ask questions. We will listen for the sounds of birds singing. We will look for signs of growth and change since we last visited.

Develop

To continue with our learning journey we will read Errol's Garden. We will think about and plan together what plants we would like to grow. We will grow and look after plants and seeds. The children will observe how the plants grow and change over time. The children will look after the plants by watering them.

We will read spring-themed nursery rhymes and poems that contain rhyming or repetitive phrases. Children will play along with one-handed percussion instruments.

We will use our noticing skills to explore the appearance, scent and feel of a variety of herbs, plants and cut flowers.

Nursery

How does your garden grow?

Learning Challenges

Innovate

We will plan for the Forest School party together. The children will decide on what food they would like to make. We will make invitations for our families.

Express

To share with you everything that we have learnt during this learning challenge we will have a Forest School party. We will go to Forest School and talk about what we can see. We will show you what we do when we go there. We will take home the plants we have grown.

BUILDING LEARNING POWERS - how to make our brains grow!

Noticing

Noticing Nora will be helping us to use our senses to explore the world around us, and describe what we can see, smell, touch, feel and taste.

Questioning

Questioning Queen will help us to ask and answer question, such as "What has happened?" "Why...?" "How can we..?" "Where...?"

CHRISTIAN VALUES

Honesty and truthfulness - using the examples of Jesus Christ to find out what the value of honesty means and how we can show this at school and at home. Show honesty by telling the truth.

ST GEORGE'S CE PRIMARY SCHOOL

Nursery Reminders

Please return library books every Monday so that your child can choose a new one.

You can help your child to achieve their best and enjoy their learning by;

- talking with your child about what they have done at school.
- encouraging them to be independent. Encourage them to put on and take off their own coats, shoes and uniform when getting dressed.
- reading and talking about books.
- helping them to recognise their name and write it independently.
- counting objects up to 5 and then 10. Spotting and recognising numerals around them.
- trying new activities and challenges with them, encouraging them to show perseverance through trying and trying again.

Thank you for your support
