Adult Learning Maths Class

A huge well done to all our adult students who have just completed their 'Maths in Every Day Life' course with Tameside College. They have learned about percentages, budgeting, saving and everyday maths. One of the ladies said "I have learnt a lot of useful information that has come in handy when shopping!"

It's a great achievement, congratulations!

If you would like to sign up for the next course in Computing that starts in September, please call into the office, and leave your details.
