"Let all that you do be done in love"
1 Corinthians 16:14

Year 5 Poetry

Year 5 have created some poetry linked to their class text 'The Barnabus Project'. They looked at an image of the city and created a descriptive poem which Pip the cockroach could use to tell Barnabus, who is trapped in an underground laboratory, what the outside world is like. They collaborated in groups to devise their poems which they all are very proud of.

Here are some examples.

St George's Primary School - Special Science Award!

We are very proud to announce that St George's has been awarded the **Primary Science Quality Mark** award for our work in Science. With support from the University of Hertfordshire and working in collaboration from The Primary Science Teaching Trust, the one-year school improvement programme has enabled the school to engage in outstanding science practice and has shown our commitment to excellence in science teaching and learning.

PSQM enables confident, knowledgeable, reflective leadership which results in an improvement in the way in which science is planned and taught across the whole school. We are very proud of this huge achievement and hope that you will celebrate in our success.

Bikeability

Year 5 have taken part in Bikeability this week. This is a scheme that helps children learn the practical skills of riding a bike and how to cycle on the roads safely.

This was an amazing opportunity that has given children the confidence to cycle and enjoy this skill for life. It has been lovely to see them grow and develop over the 2 days, they really enjoyed it!

We want to say a big thank you to the team for all their hard work in delivering these sessions.

The children thoroughly enjoyed these sessions and it has been wonderful to see them grow and develop over the week.

Year 4 Seawig Competition Winner

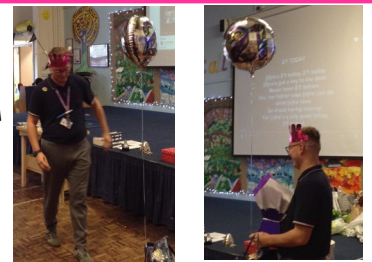

Year 4 have been reading Oliver & The Seawigs, The whole class had a competition to make their own seawig and this one was the winner!

Well done!

Happy 21st Birthday

Look who is 21 today! Mr Rigby from Year 6 enjoyed his celebrations this morning in assembly when we wished him all the best for his 21st birthday. We hope that everyone who has a birthday this weekend enjoys their special days too.

Google Family Link—Device Parental Controls

www.internetmatters.org/parental-controls/smartphones-and-other-devices/google-family-link/
The Google Family Link app helps manage a child device user by allowing parents to set digital rules and set up supervised devices. You can manage app access, set screen time and device bedtime remotely to help them build good online safety habits when they are connected to the internet.

In partnership with
sky

www.internetmatters.org/parental-controls/gaming-consoles/
If your child is a keen gamer and uses a range of consoles or devices to play the latest games, take a look at the web link above for a list of console, platform and gaming app parental control how-to-guides to get up to set the right level of protection to give them a fun and safe experience.

Dear God,

When I stand at the beginning of a new day, bless me with vision to see the best of things to come, the wisdom to make good decisions and most of all, faith that you are walking with me every step of the way.

Amen.

Word of the Week

Word Aware

Remember these challenges are small spoken tasks that do not require pen or paper. They just need you and some talk time, so easy to do on the way home or before bedtime. Get involved, have fun, and your child's vocabulary will grow! Ask your child what other words they have learnt in school this week.

Word of the Week:

Definition: Being careful and unconfident because you are uncertain or afraid.
Challenge: When is it good to be tentative?

Mental Health Support
