

Keeping Children Safe

At St George's we ensure all children are kept safe throughout the school day through our safeguarding policies.

Risk assessments are carried out where necessary, and available for parents to see.

Vulnerable children are monitored closely by classroom staff and our Learning Mentor.

Children are supervised throughout the day by classroom staff, and lunch time staff are made aware of children with additional needs and have specified adults that they can go to if they need to.

We have an Anti-Bullying Policy in school, which is available for parents to see.
